

**OBTAIN THE
EQUIPMENT YOU
NEED TODAY!**

FINANCING FIRE APPARATUS EQUIPMENT IS A **FAST** AND **EFFECTIVE** PROCUREMENT SOLUTION

5X INCREASED PURCHASING POWER WITH NO NEW DEBT
Budgeting for lease payments is infinitely easier than trying to squeeze in the entire equipment cost. Leases are not considered long term debt while payments are made using your existing operating budget.

DEFERRED AND FLEXIBLE PAYMENTS
Defer lease payments up to 12 months and procure the equipment now while future budget cycles fulfill the equipment cost. This allows you to match your payments with your budget calendar and secure your unit with scarce inventory.

NO VOTER APPROVAL NEEDED | NON-APPROPRIATION
Municipal lease financing does not require voter approval or a time-consuming bond elections in most states. All municipal leases include non-appropriation language that allows termination if payments are not secured in future budgets.
